About AGISCEFA

AGISCEFA is a web development agency specializing in custom digital platforms that transform businesses and create new market opportunities.

Our Value Proposition

No Subscriptions

One-time investment, lifetime ownership. No recurring fees draining your profits.

Full Ownership

You own 100% of your platform, code, and data. Complete independence.

Tailored to Budget

Solutions adapted to your needs and financial capacity.

Meet the Founder

Eric Langoul

Founder & Lead Developer at AGISCEFA, Eric brings years of experience in building scalable digital platforms across multiple industries. His vision is to democratize access to custom technology solutions for businesses worldwide.

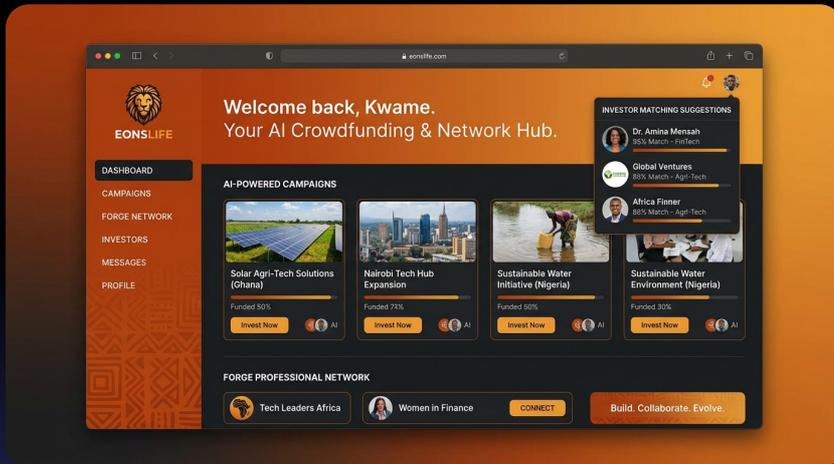

"Every business deserves a platform that truly belongs to them."

What We Build

From marketplaces and social networks to fintech solutions and AI-powered platforms, we create digital ecosystems that drive growth and innovation.

EONSLIFE

"AI-Powered Crowdfunding & Professional Network for Africa"

Pain Points Solved

- 1 African entrepreneurs struggle to access global funding opportunities
- 2 Investors lack verified deal-flow from emerging markets
- 3 No unified professional network for Africa's growing economy
- 4 Trust issues in cross-border transactions and investments
- 5 Fragmented tools for fundraising and professional networking
